

# Claim Summary Report

## Patient Information

Name: Harish

Date of Birth: February 14, 1978

Gender: Female

Patient ID: GHI789123

Insurance Policy Number: INS567890

## Doctor Information

Name: Jane Smith

Specialization: Cardiologist

## Hospital Details

Global Health Institute

## Diagnosis Summary

The patient was diagnosed with a significant cardiac condition requiring immediate intervention. Diagnostic tests, including an echocardiogram and MRI, revealed extensive damage to the heart muscle, posing a severe risk to the patient's overall health.

## Treatment Plan

The treatment plan involves a heart transplant as the only viable option to address the extensive cardiac damage. The procedure will involve the removal of the damaged heart and replacement with a donor heart, followed by post-operative care in the ICU. Medications will be administered to prevent rejection of the donor heart and to manage the patient's existing conditions.

Eligibility Check

Criteria	Result	Reason
---	---	---
Patient has policy	Yes	Policy Number: INS567890
